

# Custom Printing

## Tin & Paper Canisters

### To get started:

#### 1. Select your tin shape:

- 1) Browse our stock collection of tin canisters for a shape you like.
- 2) We have over 400+ molds – if you found a tin you like at your local store, check with us if we have something similar.
- 3) Completely design your own shape and size. (Mold fees will may apply). Templates available upon request.

#### 2. Decorative options:

- Embossing
- Window
- Hinges & Latches
- Surface Textures
- Hot Stamping
- Special Customization

#### 3. Select your print finish:

- Glossy Finish
- Matte Finish
- Spot UV (Glossy & Matte)
- Crackle Finish

### For Paper Canisters:

- 1) Select from our available sizes or send us the dimensions you would like the can to be.
- 2) Decorative options available: Surface textures, clear top window
- 3) Select a finish: Glossy, Matte, SPOT UV, Foil Stamping

### Minimum Order Quantity

For most sizes, a 5,000 quantity minimal (1 design) is required to print. Minimum order quantities are based on the your selections above. Please note that different structures, sizes and variation of designs may have different MOQ requirements. Simple MOQ guideline: the larger the tin, the smaller the MOQ quantity requirements (i.e. 5 lb size may require only 1,000 pcs while 2 oz tin will require 10,000 pcs).

### Pre-Production Proofing

Pre-production proofs are available. Digital proofs are free . Pre-production sample is also available starting at \$300.00 per design for a sample of 4-6 tins before mass production (Lead time 2-3 weeks).

### Other Useful Information

Lead time is on average 8-10 weeks after approval of artworks and samples if any.
